

The HCT International Conference on Advancements in Health Sciences ICAHS 2023

 March 8-9, 2023  HCT-Dubai Men's Campus

Call for Papers

The First International Conference on Advancements in Health Sciences (ICAHS) 2023, organized by the Higher Colleges of Technology (HCT) and established by the HCT Faculty of Health Sciences, will be held on March 8 & 9, 2023 at the HCT-Dubai Men's Campus in Dubai Academic City. It will be convened under the theme of Innovations in Health Science Education, Healthcare, and Outcomes.

Faculty, academics and industry professionals, from the UAE and internationally, are invited to submit their valuable, original research papers and posters that address, but are not restricted to, the conference main theme, as well as the following sub-themes. In addition, authors may submit research papers on unlisted, but closely related, thematic topics.

The conference organizers look forward to the presentation and discourse of the best practices and contemporary trends in Advancements in Health Sciences at the ICAHS 2023 Conference in Dubai.

Conference Sub-themes:

Interdisciplinary Innovation of Health Science Education

Digitalized & Transformational Health Care & Education

Competency-based Education & Assessment in Health Sciences

Novel Diagnostics, Therapies and EBP for Communicable & Non-Communicable Diseases

Emerging Technologies in Healthcare Practice: Telehealth & AI

Community & Public Health in Action: Integrating Social, Mental, Diagnostic, Emergency & Pharmaceutical Services

One Health - The Effects of Global Pandemics on Veterinary & Healthcare Professionals and Services

Submission Guidelines:

Papers are accepted by way of online submissions through this link <https://www.edas.info/newPaper.php?c=30185>

Email submissions will not be accepted. For the online submission, authors must adhere to the following guidelines:

- The deadline for submitting a full conference research paper is 11:59 pm (23:59) Eastern Time on January 27, 2023
- Incomplete submissions after the deadline will not be eligible for presentation
- The submission must be an original research paper that has not been previously published or presented
- Submissions are accepted only in a PDF format via the Conference online submission link
- Papers should be at least 3,000 words for prospective inclusion in a book publication
- Papers should be in English with an abstract that does not exceed 300 words
- Papers' content should be relevant to the conference theme or one of the conference sub-themes
- Papers should include, but not limited to, the sections of: Purpose, Overview, Methodology, Analysis, Findings, and Implications
- Authors are encouraged to perform a proofread and run an accuracy check prior to submission

In the event of any technical issues with the online submissions, authors can contact the Organizing Committee Chair **Dr. Yousef Aljawarneh** ([yaljawarneh@hct.ac.ae](mailto:y.aljawarneh@hct.ac.ae)).

Screening Process:

- The review process will be double-blinded and each research paper will be reviewed by at least two senior faculty members from the Conference Scientific Committee
- The acceptance of papers will be made based on paper-related parameters including, but not limited to, significance, originality, technical impact, relevance, and presentation
- Presenting authors will be notified by email of a paper acceptance decision by February 1, 2023
- Upon acceptance, the presenting author will be required to upload the paper as a PowerPoint presentation following the identified deadline
- A subsequent publication of contributions in book form is currently being discussed with Springer Nature
