

ASET

ADVANCES IN SCIENCE & ENGINEERING TECHNOLOGY

2024
June 3-5

HCT - Dubai Men's Campus

ASET 2024 INTERNATIONAL STUDENT SCIENTIFIC POSTER COMPETITION

The International Student Scientific Poster Competition is a very important feature of the Advances in Science and Engineering Technology 2024 multi-conferences (ASET'2024).

Students who are currently enrolled in an undergraduate, or post-graduate engineering program (all disciplines) at HCT and other universities in the UAE & GCC region & internationally are eligible to enter the competition.

Students will have the opportunity to exhibit their senior, undergraduate design projects posters as part of this competition, which will enhance the culture of competition among students and enable students to exchange experiences with their peers from other universities and colleges.

All poster categories explained below will have three winners and the names of winners will be announced at the first day of the conference (June 3, 2024), the winners will be awarded by recognition certificates.

The conference registration fees for participating students will be waived and all participating students will receive certificates of participation.

Students can register to participate in the competition by completing the online registration form ([Online Registration Form](#)) or Scan the QR code below in order to obtain approval for participation in the competition.

The completed poster should be revised by the relevant project supervisor and submitted in PDF format before **May 3, 2024** by email to the competition Chair – Mrs. Ehsan Jarrar ejarrar@hct.ac.ae

The competitors will be given a 15-minute time period to explain their posters to the judging panel. Judging sessions will consist of the following:

1. A five-minute presentation
2. A five-minute period to show a project video
3. A five-minute Q & A period

At least one competitor for each approved poster must attend this session to present the poster.

Competition Chair – Mrs. Ehsan Jarrar ejarrar@hct.ac.ae

Poster Categories:

1. Electrical Engineering
2. Mechatronics
3. IoT
4. Advanced Materials, Design, and Manufacturing
5. Biomedical Engineering
6. Renewable and Sustainable Energy
7. Aviation and Space Technology
8. Engineering Education
9. Industrial logistics supply chain
10. Marine transport
